2 CAMPMEETINGS IN THIS DISTRICT SOON TO BEGIN

Rev. E. R. Overley is secured as evangelist at Mower Park Camp-meeting for this summer.

July and August are the ideal months for campmeetings. What a fine thing it is to get out in the big woods—in God's great out-of-doors and attend church in a comfortable way in the hottest weather.

Two campmeetings will hold the attention of Maysville and surrounding vicinity during the coming weeks. The first, Ruggles, which runs from July 29th to August 8th. The Thursday following, August 12th and running to Sunday, August 22nd, the campmeeting at Mower's Park, Lewis county, will be held. This is one of the finest little places for a campmeeting one can find anywhere. It is run more especially by the Methodist church at Trinity and Wesley, Lewis county. Rev. W. H. Morris of East Maysville, is also pastor of these churches and is the manager and superintendent of the campmeeting.

He has his plans well in hand for a good campmeeting. The evangelist will be Rev. E. R. Overley of Grace M. E. church, Newport, formerly the beloved pastor of Third Street M. E. church this city. A better man could not have been selected. His coming will be hailed with joy by hundreds of friends. With him as evangelist the success of campmeeting is assured. Mower's Park is but a short trip from Maysville and many will no doubt go from here. One special feature of the meeting will be the presence one day, possibly the second Thursday, of the new Trinity band which has been taught and brought to its present state by Prof. Young of this city. Band day will be one of the banner days of the campmeeting.

ARRANGEMENTS FOR ENTERTAINMENT ARE MADE.

At a meeting of a joint committee representing both of the local Odd Fellows' lodges held Tuesday evening final arrangements were made for the entertainment to be given at Beechwood Park Friday evening by the Girls' Orchestra of the Kentucky Odd Fellows' Home. It is expected that Odd Fellows from all over this section will be present.

PRAYER MEETING THURSDAY.

Regular mid-week prayer service will be held at the First Baptist church on Thursday evening at 7:30 o'clock in charge of the pastor. Following the prayer service, the regular monthly church meeting will be held and at this meeting messengers to the annual meeting of Bracken Association will be chosen.

About July 1st we will move to 231 Market street, ground floor. 28-1f J. A. SIMPSON, Optician.

OWENS WANTED IN ROBERTSON FOR FORGERY CHARGE

Man Held Here For Obtaining Money Under False Pretenses Is Charged With Serious Crime.

Circuit Clerk James B. Key this morning received a letter from an official of a Mt. Olivet bank, informing him that the Robertson county authorities would want Dora Owens, held here on a charge of obtaining money under false pretenses, as soon as the Mason county authorities had done with him.

The Robertson county banker stated in his letter that Owens had forged the names of two sureties to a note which had been placed in his bank and that a charge of forgery would be placed against Owens in Robertson county when the Mason county case had been finished.

All efforts on the part of Owens and his near relatives to obtain bail has thus far failed. Many of Owens' wealthy relatives have refused to go on his bond and he still is in the county jail awaiting trial at the next session of the Mason Circuit Court in September.

WIFE ASKS DIVORCE.

In the Mason Circuit Court this afternoon Mrs. Retta B. Collins brought suit for a divorce from her husband, James Edward Collins. She states that they were married in this state in 1900 and lived together as man and wife until in the year 1919 when without fault on her part, the husband deserted her. She also charges he was guilty of cruel and inhuman treatment and she asks a divorce, the custody of their infant child, Irvin Collins, for alimony and maintenance pending this action.

MRS. LANE'S WILL PROBATED; MAKES SISTER BENEFICIARY

Provision in Will That If Sister Falls To Make Will, Local Church Is To Receive Part of Estate.

In the Mason County Court this afternoon a paper bearing date of February 10th, 1919, and purporting to be the last will and testament of Mrs. Lulu Ryder Lane, deceased, was introduced and filed. The whole of the handwriting of the paper including the signature thereto was proven by the testimony of Mrs. Ellena Jenkins and W. A. Munzing to be wholly that of the decedent and the paper was admitted to probate.

Under the terms of the first paragraph of the will the deceased's entire estate is left unconditionally to her sister, Mrs. Rosa Ryder Poth except that all of the bequests of her late husband, I. M. Lane, are to be paid.

In the second paragraph of the will the deceased provides that if her sister should die without will that \$500 be left in trust with the Maysville Cemetery Company for the care of the graves, \$100 to Mr. George Bierley, \$200 to Mrs. Ellena Jenkins and \$500 to Misses Anna Traxel and Marie Cablish. The balance she provided should be equally divided between children of her late husband, I. M. Lane, and "the church." The church referred to in the will is taken to mean the Third Street M. E. church of which she and her husband were devout members.

Mrs. Rosa Ryder Poth was named administratrix and she qualified as such with W. L. Traxel as surety on bond.

STATE RETAIL COAL MEN WILL ORGANIZE

Kentucky Coal Retailers Meet at Lexington Thursday to Consider Big Organization

Retail coal dealers at the state will meet in the Phoenix hotel at Lexington Thursday at 11 o'clock to organize the Retail Coal Dealers' Association of Kentucky, intended to promote co-operation in the production and transportation phases of the coal business and having no connection, it is stated, with the marketing end of the business or with prices of coal.

The call for the meeting was sent out by J. Crow Taylor, of Louisville, secretary of the Retail Lumber Dealers' Association of Kentucky, who hopes to run the two organizations on the same plan. Many of the retail dealers of the state are expected to be present, and attendance of from 100 to 150 being predicted. Mr. Taylor was in Lexington about two weeks ago, sounding out the coal dealers of the city on the prospect of organization of the business.

The plan of the organization will be to promote a better spirit between competitors, to aid the dealers in getting prompt deliveries from the mines, to alleviate the car shortage, and to get the mine operators and wholesalers to work with the retailers for better service to the public.

EVANS FAILS TO REMEMBER; JUDGE LOSES THE KEYS

Man Given an Opportunity to Refresh His Memory on Who Sold Him Jamaica Ginger Gets Heavy Dose in Police Court.

In Police Court this afternoon Frank Evans, who was before the court on Tuesday afternoon and entered a plea of guilty to charge of being drunk and disorderly, was given another opportunity to inform the court as to the name of the man who sold him the Jamaica ginger upon which he said he was intoxicated.

When Evans' case was called Judge Whitaker asked him if he was ready to tell the peddler's name. Again Evans said he knew the party's face but not his name. Judge Whitaker then took a few minutes to again read the new state prohibition statute and after reading the statute informed Evans that the new state law was very severe and again gave him a chance to tell the name of the peddler. Evans again claimed he did not know the name and then the Judge closing his book sentenced Evans to ten days in jail and a fifty dollar fine.

Wallace Clark, Mrs. Wallace Clark and Mrs. Thomas Carpenter, were called before the court on charges of breach of the peace and their cases continued until next Tuesday.

The case against Moreland Walker, charged with violation of the state prohibition statute, was again continued until next Saturday.

INSURANCE INSPECTORS HERE TO EXAMINE WATERPRESSURE

Representative of Kentucky Actuarial Bureau Spend Day in Maysville—Tobacco District Also to Be Inspected.

Messrs. Clemens, Taylor and Smith, representatives of the Kentucky Actuarial Bureau, are spending today in Maysville making certain investigations in regard to the protection of the city against fire and in regard to the local tobacco district and its fire protection.

These gentlemen have made certain pressure tests at fire plugs located in various parts of the city and have made a thorough examination of the local fire department and its equipment. As is always the case, the men have found the local fire department in first class shape and under the efficient and intelligent direction of Chief Newell, one of the best fire departments in all of the state.

Some time ago the Kentucky Actuarial Bureau started upon the adoption of a new tobacco schedule which is intended to produce an average reduction on rehandling and loose leaf classes. There will, of course, be some risks which will not be reduced, others will be reduced very materially and one of the chief causes for the visit of these experts to Maysville today was to make the local adjustments under this new schedule. They made a very thorough examination of the local tobacco district and the new rates are expected to be in the hands of the local fire insurance agents within a very short time.

Her death was unexpected, although she had been in failing health for some time. She was born in Granada, Spain, May 5, 1826, the daughter of the Count of Teba, who was almost penniless. While touring Europe with her sister in November, 1852, Eugenie attended a ball in Paris and won the favor of Emperor Napoleon III. The Emperor frequently met Eugenie and a request to her mother for her hand was followed by their marriage, January 29, 1853.

Ledger Service—Efficiency.

For "Extensions and Additions"—\$\$\$

The Telephone Company is expected to grow with the town, so that this necessary service may be available to all new homes and industries.

But these "extensions and additions" to the plant take dollars (more now, too, than they ever cost before), and old Mr. H. C. L. is already taking, for operating expenses, about all the dollars the Company gets nowadays.

So the construction dollars must be borrowed, or new securities sold—and nobody wants to invest in or lend money to a Telephone Company unless the rates allowed for its service are ample for proper operating expenses and sufficient, in addition, for the payment of interest or dividends.

The growth of the telephone plant, as well as the efficiency of the service, depends upon adequate rates!

Catarhal Deafness Cannot Be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarhal deafness, and that is by a constitutional remedy. Catarhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Medicine acts through the blood on the mucous surfaces of the system.

"IN THE DAY'S NEWS."

General Edouard de Castelnau, who today is to be named a Marshal of France, served in the late war as chief of staff and commander of French armies in France and Belgium. His family has been prominent in French military history for generations, his great grandfather having been a Marshal of France in the time of Louis XIII. The present general was a student at St. Cyr when the Franco-Prussian war began, and although only 19 years old he so distinguished himself that he was made a captain. At the beginning of the World War, General de Castelnau was at the head of the Second Army of Lorraine. His victory at Nancy in September, 1914, was one of the most decisive episodes of the Battle of the Marne. In December, 1915, he was appointed Chief of the General Staff, and he played a famous part in the defense of Verdun.

REMEMBER the time the first automobile parade was organized? Even the good old torchlight procession had to give way before the advance of progress.

He needs it more than anyone else. It's part of our job, as we view it, to see that he gets it.

Our tire service starts with good tires—U. S. Tires. All sizes made to a single standard of quality—none graded down to the price of the car they will go on.

U. S. perfected the first straight side automobile tire—the first pneumatic truck tire.

The U. S. guarantee is for the life of the tire, and not for a limited mileage.

When we recommend and sell U. S. Tires we do so in the interest of greater tire economy. It is our experience that that is the best way to build up a sound and sizable business.

Tires are often sold the same way politics are.

The last people to wake up to what they are getting are the people who pay the bills.

The bills are getting too big these days in both cases. And the man who is feeling it most with respect to tires is the man who owns a moderate-price car.

The idea that the small car owner doesn't need a good tire is rapidly going the way of all mistaken ideas.
